## **Crackbond JF311 LEED Product Information Leadership in Energy and Environmental Design**

Crackbond JF311 is a two component poly-urea joint filler that is designed for both interior and exterior use.

### **Manufacturing Location(s)**

Pompano Beach, Florida

### **Recycled Content**

Adhesives Technology Corp. certifies that Crackbond JF311 is manufactured with less than 5% of post-consumer material recycled content from the normal recovery of raw materials in manufacturing processes.

### **VOC Content**

Adhesives Technology Corp. certifies that the VOC (volatile organic content) of Crackbond JF311 is 0 g/l and will therefore contribute toward LEED IEQ Credit 4.1: Low Emitting Materials: Adhesives and Sealants.

Respectfully Submitted
